## ELIM DORMITORY

GREETING

The Elim Dormitory welcomes you to the Namseoul family.

The Elim Dormitory of the Namseoul University, currently reaching out to the world in this era of globalization of the 21<sup>st</sup> century, is located at the foot of Seongsan mountain and is a beautiful and cozy shelter for students of Namseoul University. As a living facility devoted to exercising the Christianity-based foundation philosophy of our school, it also is a site for well-rounded education that teaches independence, tolerance and consideration through community life.

The First Elim Dormitory has been lauded for its comfortable and pleasant environment and advanced facilities since it was opened in August, 1999. The Second Elim Dormitory which has newly opened in August 2011 offers a noble living space with ultramodern buildings made of environmentally friendly facilities and a hotel-style dormitory inside the campus. Along with these improvements, we believe that it is necessary for students to heighten their citizenship and etiquette in living together, especially in having consideration for others to create a pleasant atmosphere to study. Only the continuous environment of mutual respect and understanding among dormitory students would permit the dormitory to take role as a place of creativity that nurtures the personality and character of social leaders.

We are all one big family! Our staff will do their best in their respective positions to build a lively and dynamic space so that you as a student can devote yourself to studying in a relaxed environment just like home. May God's love and grace be with your visions and dreams for the better future.

Dean of the Elim Dormitory, Namseoul University
